Welcome to The Media Streaming Journal

Greetings,

Tis the season of happiness and joy as we celebrate another holiday season. The trials and tribulations of 2017 have been many for the Internet broadcast industry. We have seen many stations, service providers, and companies fall by the wayside as the record industry marches forward in the name of just payments.

I do hope that our industry finds relief in the vestiges of sanity in the upcoming years to come.

Please feel free to contact either the Publication Director (Derek Bullard) or myself if you have any questions or comments regarding The Media Streaming Journal.

Namaste

Relax With The Sights And Sounds Of Nature

Scenic Television

Your Window To The World

Scenic Television is an Internet television station that broadcasts the sights and sounds of nature 24 hours a day. Savor exotic tropical beaches, or relax in a remote rain forest. Meditate at a bubbling stream, or relish the view of soft rolling waves at a lake. We have beautiful nature video from locations all around the world.

Scenic Television originates from the Gulf coast of South Alabama and broadcasts to a global audience. The television broadcast is accessible on any device with an Internet connection. Such electronic devices include desktop computers, laptops, tablets, smartphones, game platforms, and Internet-connected televisions.
