Welcome to The Media Streaming Journal

Welcome to the latest installment of The Media Streaming Journal.

This year has presented many challenges as well as opportunities for online broadcasters. The pace of online broadcasting and content distribution has taken the world by storm. Cord-cutting continues to move forward at a monumental pace as terrestrial broadcasters realize that they face an uncertain future in the digital world.

It is imperative that online broadcasters continue to learn the skills and hone their knowledge base to continue the march forward.

I wish all our beloved readers a fantastic new year and a chance to fulfill their dreams.

Please feel free to contact either the Publication Director (Derek Bullard) or myself if you have any questions or comments regarding The Media Streaming Journal.
